

JULY 2022

QUEEN SQUARE DOCTORS

Patient Newsletter
Vol. 6

Hello to all of our patients!

We hope you are all doing well. While the provincial mask mandates have expired in most settings, we will continue to request that all of our patients wear a mask when entering and also, while remaining in our office.

We want to ensure a safe environment for our patients and their families, especially those that are most vulnerable.

With the Summer Season here, we hope you find time to rest and enjoy the warm weather with your loved ones.

Please join us in extending a warm welcome to our newest physician,
Dr. Puvitharan!

Dr. Denisha Puvitharan (she/her) completed her medical education at Queen's University in Kingston, Ontario. She then finished her residency training through McMaster University in Brampton, Ontario. She spent the last year of her residency here, at Queen Square Doctors, where she had the opportunity to work with many of our patients and staff. She is excited to provide care to patients across the age spectrum with an additional special interest in mental health. She is currently accepting new patients and is looking forward to becoming a permanent part of the Queen Square team.

EFFECTIVE AUGUST 1ST, 2022

An annual increase for non-insured services will become effective August 1st, 2022. Please see our website for further details.
